

❀ The New Gardener ❀

Staring at a blank slate or garden in need of reno and don't know where to start? Want some one-on-one support to help you get it right the first time? Let us give you a personalized plan to successfully grow food in the conditions you're working with.

PACKAGE INCLUDES:

SITE VISIT

- 30-minute virtual tour of your space
- 30-minute interview about the nuances of your space and your goals

GARDEN PLAN

- Visual layout + written recommendations
- Covers infrastructure, soil health, plant list, and more

Depending on your needs, your plan may include:

- Recommended garden location(s)
- Infrastructure recommendations (pots or raised beds, vertical growing, irrigation, etc.)
- Recommendations for amending and improving your soil
- Plant recommendations based on your tastes, skill level, and the growing conditions
- Ways to support the ecosystem while growing food
- Tips for how to use what you grow

Package Cost

\$300 for plans covering less than half an acre.
To plan a larger food producing space, contact for pricing based on scale.
